Summer Training

Gokboru Tech

Jun 2024 - Jul 2024

- Completed Summer Training under the guidance of Gokboru Tech
- Gained hands-on experience in React.js, building responsive and interactive web interfaces
- Learned and implemented component-based architecture, state management using hooks and props
- Worked with APIs, routing (React Router), and form handling in real-world scenarios
- Improved understanding of UI/UX principles, debugging, and version control (Git)

Tech stack used: React, HTML, CSS, Javascript, Bootstrap

Projects

Mock-Master | React, Express, Node, MongoDB

Jan 2025 - Apr 2025

- Designed and developed a web application enabling users to upload their resumes and receive AI-generated interview questions tailored to their profiles.
- Integrated Google Gemini API to process resumes, extract key skills/experience, and dynamically generate context-aware interview questions.
- Implemented secure resume parsing and preprocessing for improved AI accuracy in question generation.
- Built responsive, user-friendly UI for seamless resume upload and interactive question-answer sessions.
- Optimized backend architecture for fast AI response times and scalable handling of multiple concurrent users.
- Applied prompt engineering techniques to improve AI question relevance and reduce generic outputs.

TubeAcademy | React, CSS, Express, Node, MongoDB, Cloudinary

Jun 2024 - Dec 2024

- Developed a full-stack web application for a coaching institute, supporting three user roles: Admin, Teacher, and Student.
- Implemented Admin functionalities to register students/teachers, manage salaries, and assign subjects.
- Enabled Teachers to upload, edit, and delete educational videos for students.
- Designed the Student experience to access and watch course videos seamlessly.
- Created individual profile pages for all users, allowing them to update their information.
- Built a secure authentication and authorization system for role-based access control.
- Ensured a responsive and user-friendly UI using React and CSS.

Certificates

Social Networking

Aug 2024 - Nov 2024

NPTEL

Frontend Webdev with React

Jun 2024 - Jul 2024

Gokboru Tech

Technical Skills

Languages: Java, Javascript

Technologies/Frameworks: Express, Node, MongoDB, Git

Tools/Platforms: VS Code, Github, Thunderclient

Soft Skills: TeamWork, Problem Solving, Time Management

Education

Lovely Professional University

Since Aug 2022

B-Tech (Computer Science and Engineering) - CGPA: 7.12

Jalandhar, Punjab

K.S. College

Apr 2021 - Mar 2022

Intermediate - Percentage: 69.59%

Darbhanga, Bihar
